# 10th Annual NCICG Golf Outing

The North Central Illinois Council of Governments is a 501(c)(3) not-for-profit regional planning agency serving communities in Bureau, LaSalle, Marshall, Putnam, Stark, Grundy, Lee and Kendall Counties. We offer at-cost grant writing, planning, technical assistance and professional services. Projects include constructing or upgrading water and sewer systems, disaster mitigation and recovery, and providing planning assistance for rural communities that otherwise would not be able to afford or complete such programs.

In 30 years of existence, North Central Illinois Council of Governments has provided service to countless communities working with many outstanding people and projects.

The golf outing is our main fundraiser during the year. The money raised helps finance the replacement of outdated or non-existent technological or specialized training programs and devices used to provide the services our counties and communities have become dependent upon.
