Assistance is personal and designed to meet needs

These resources will be selected by you with the assistance of the Zone Administrator to provide you with a "tailored" package of assistance. Examples include:

- Targeted Financial Assistance . . . The State of Illinois offers a variety of loan financing with competitive interest rates (as low as 3%) to qualifying firms.
- Site Selection. . . We can assist you in quickly identifying sites most suited to your needs. Depending on your project, the Zone can be expanded to include a site if it's not within the current Zone.
- Employee Selection & Training. . . Through our superb local training assistance agency and our area community college, we can assist your firm in selecting and training employees at a substantially reduced cost to your firm.
- Small Business Assistance. . . The Small Business Development Center at the local community college offers a wealth of information and technical assistance to small and medium sized firms. The Center has established a wide network of information to help you with your needs.

FAQ's

What properties are eligible for an enterprise zone investment tax credit?

Examples include buildings, structural components of buildings, elevators, material tanks, boilers, and major computer installations. Examples of non-qualifying property are land, inventories, small personal computers, trademarks, typewriters, and other small, non-depreciable or intangible assets.

Can my company use the enterprise zone multiple times for future expansions?

Yes. Expansion projects for qualifying employers are eligible as long as the employer adds at least 10% to the existing workforce each time the program is used.
